

# Bruno Delgado

## Software Developer

### Experience

Intern Software Developer - Ordio

- March - September (2025)

Fullstack role using PHP/Symfony for backend and React for frontend. Worked both on fixing bugs and delivering new features with heavy focus on CI/CD.

### Skills

My main programming languages/frameworks are Java/Spring Boot and Typescript/React.

I'm familiar with SQL.

I have also worked with PHP/Symfony.
